

Irix Edge Neutral Density filter ND32000 15EV (4.5) 95mm

Product serie: Irix Edge
Product name: ND32000 95mm
Product code: IFE-ND3200-95
Size: 95mm x 1.0
EAN: 7640172190371

Irix Edge Neutral Density filters (ND) are an essential tool for long exposure photography and depth of field manipulation. The ND32000 version has optical density of 4.5 and reduces incoming light by 15-stops, allowing to do 5-minute long exposure under sunny day (at ISO 100, f/16). Thanks to special waterproof and oil repellent NANO coating, filter's surface is protected from stains and fingerprints, and enables use the filter in extreme weather conditions. The low-profile frame with knurled edges provides very good grip and functionality with an aesthetic design in harmony with all Irix products.

Technical data

Filter type	Neutral Density
Thread size:	95mm x 1.0
Additional threat at the top of frame:	95mm x 1.0
Density	4.5 (ND32000)
Light reduction	15-stops
Frame thickness (without thread)	3.5 mm
Antireflection coatings	multi-layer NANO coating
Special type coatings	double side waterproof and oil repellent
