

Irix Cine 30mm T1.5

Product card

- Ultra HD 8K resolution ready and full-frame sensor coverage
- Perfect for crop sensors providing 45mm
- Compact and lightweight construction
- Very low focus breathing
- Weather-sealed construction
- The magnetic accessory mounting system
- Adapter ring for easy use of follow focus
- The possibility of mounting an additional support foot in two places
- Front filter thread 86 x 1.0 mm

Irix Cine 30mm T1.5 is a full-frame cine lens, for sensor resolution up to 8K. It is excellent for interviews and medium wide shots of your subject. Especially on a crop sensor where you will get 45mm (1,5x). The lens is available in metric and imperial versions, and available in Canon EF, Canon RF, Nikon Z, L-mount, Sony E, Arri PL, and MFT mounts.

READY for ANY weather conditions

Rain or shine. The rugged and durable construction of the Irix Cine 30mm guarantees that you can keep on working with whatever weather throws at you. The lens is resistant to rain, sand, and dust. So you can take it for your next adventure in a desert or jungle if your camera can handle those environments. Engraved markings on the lens have been filled with UV-reactive paint, thanks to which filming in difficult lighting conditions becomes much easier.

Functionality and innovation

All Irix film lenses have very similar dimensions and weight, which allow for quick and easy lens changes without the need to change the rest of your setup. The product is equipped with a **Magnetic Mounting System (MMS)**, which allows you to connect accessories such as magnetic filters from the Irix Edge line up or a lens hood (not included in the kit).

(Irix) CINE Standard

Irix Cine 30mm was designed in accordance with the standards of the professional film industry, being the result of a combination of traditional lens solutions and modern innovation.

Irix Cine 30mm has a front filter thread size of 95mm and geared Mod 0.8 M rings, which ensure compatibility with most accessories available on the market.

Irix is a young brand, but thanks to the fifth lens in its lineup, it's closing the set covering most of the common focal lengths. All of our lenses are carefully tested, to meet the highest standards. And we don't play around with them. We make sure, that all of our lenses are compatible. Starting from our neutrino coating, which provides the same color reproduction on each lens to the same weight and location of gears.

New and improved lens cover

We have listened to requests from our customers and decided to redesign our lens cover. The previous one didn't allow for leaving the lens standing on it.

The improved one has a flat top and slides on the lens. Thanks to this, you can now leave the lens upside down on a table and not worry about it wobbling!

Available mounts

Canon RF | Canon EF | Sony E | Nikon Z | L-mount | Arri PL | MFT

Technical specification:

Image coverage		>full frame (43.3 mm)
Focal length		30 mm
Aperture range (T)		T1.5 ~ T16
Number of iris blades		11 (rounded shape)
Minimum focusing distance		0,34 m (13.39")
Focus ring	rotation angle	180°
	gear pitch	0.8 M
	number of teeth	119
	distance scale	Metric or imperial
Aperture ring	rotation angle	75°
	gear pitch	0.8 M
	number of teeth	110
Viewing angle (horizontal)	Full Frame	61,9°
	S-35mm 1.39x	45,1°
	APS-C 1.53x	42,9°
	APS-C 1.62x	40,9°
	MFT 2.0x	32,2°
Front filter thread		86 x 1.0 mm
Weather sealing		5 rubber o-rings (PL 4 rubber o-rings)
Front diameter		95 mm
Markings		laser engraved, UV reactive
Dimensions (L x D) (without accessories)	Canon RF	130x97 mm
	Nikon Z	135x97 mm
	L-mount	131x97 mm
	Canon EF	101 x 57 mm
	Sony E	133 x 97 mm

	Arri PL mount	99 x 95 mm
	MFT mount	132 x 97 mm
Weight	Canon RF	1187 g
	Nikon Z	1225 g
	L-mount	1223 g
	Canon EF - mount	1130g
	Sony E mount	1191g
	Arri PL mount	1136g
	MFT mount	1215g
Included accessories	Rear lens cap	1 pc
	Lens support foot 1/4"	1 pc
	Front lens cap	1 pc
