

Genesis Gear Cold Shoe Microphone Monitor Mount Adapter

The mounting adapter is the perfect attachment for creators who use cold shoe mounted accessories. The adapter has an ISO standard camera or film camera mount and a universal 1/4" thread. This adapter allows you to attach three additional accessories, in vertical and horizontal orientation, such as a preview monitor, external microphone, LED lamp, and other devices that have a built-in cold shoe.

Dimensions:

32 x 32 x 28 mm
