

Genesis Base GPH-30 KIT

Universal phone holder with ball head

Specification of the set:

- height: 250 mm
- width: 30 mm
- length: 90 mm
- capacity: 2 kg
- weight : 221,5 g
- warranty: 6 years

GPH-30 Kit- universal phone holder with mini ball head. It is a set of three parts that combine to form a solid, lightweight and functional phone holder for a variety of applications. The whole set is light and functional, so you can take it with you on a journey or add it to your photographic equipment. It is also an irreplaceable gadget for photographers using only the telephone.

The GPH-30 Kit comes in:

Handle for phone SH 9.0 - it's a handle with a wide spacing, so it can fit even 6.5 "phone. It is made of lightweight aluminum alloy, so it is also very durable. The upper part of the handle is adjustable by a comfortable knob, while the lower part it is regulated by a slider. The handle has a female thread 1/4 "

Specification SH 9.0

- grip spacing: 56-90 mm
- width: 25 mm
- assembly: female thread 1/4 "
- weight 60 g

Ball head BH 1.9- is a mini ball head with a ball diameter of 19 mm. It has two convenient knobs - one for rotation of the ball on a tripod and the other - for controlling the position of the ball. The

head can also be mounted on small tripods, which have a male 1/4 "thread. On the head we can easily place a compact camera or mirrorless camera , because the lifting capacity of this head is 2 kg.

BH Specification 1.9

- ball diameter: 19 mm
- diameter of the base; 30 mm
- height: 54 mm
- 1/4 "assembly screw
- lifting capacity: 2 kg
- weight: 72.5 g

MFC 3 mounting bracket - this is a grip handle that can be placed on either flat and semicircular surfaces, as the rotatable grippers are also suitable for mounting on various types of surfaces. The maximum spacing of the mechanism is 32 mm, and the whole mechanism runs smoothly and perfectly maintains the whole kit in its place. Thanks to a convenient handwheel, it takes only a moment to mount the handle on various surfaces. The handle is equipped with the male 1/4 "assembly bolt and its maximum capacity is 2 kg.

MFC 3 specification:

- maximum spacing: 32 mm
- assembly screw: 1/4 "
- base diameter 30 mm
- length: 100 mm
- height: 55 mm
- width: 20 mm
- lifting capacity: 2 kg
- weight; 72.5 g
