Description:

Genesis Nattai is a light, two-chamber backpack for carrying photo gear. Specially profiled compartments for a camera, lenses (including one 70-200 f/2.8 lens) and 15-inch laptop will ensure safety of the transported equipment in all conditions. Whereas ergonomic, shaped straps will increase the comfort of use during long photo expeditions. Additional clasps stabilize the backpack and improve flexibility of the user's gestures. Nattai has been tailored using high-quality and resistant fabrics with increased water resistance.
