

Sensor cleaning swab 16mm for APS-C

Sensor cleaning swab 16 mm for APS-C will allow you to keep your camera's sensor clean. This accessory was created to allow you to clean your camera's sensor yourself from unwanted dirt that affects the quality of the photos you take. The kit contains 8 sticks ending with a wet tip and 4 with a dry tip with a profiled shape to facilitate the cleaning process. This version of the product has been adapted for APS-C sensors.

The kit includes:

- 8 sticks with a wet tip
- 4 sticks with a dry tip

Warranty:

- 2 years
