

Leofoto LX-225CT+XB-32Q CNC tripod Clamp: DM-35 / Plate: NP-35 tubes 22/19/16/13/10MM

The **Leofoto LX-225CT with XB-32Q** is a premium compact tripod kit designed for visual creators who prioritize lightweight gear, fast setup, and precise framing control. Whether you're into street photography, travel content creation, vlogging, or outdoor filmmaking, this set offers the perfect balance of portability and professional performance.

APEX Platform – Lightweight, Rigid, and Accessory-Ready

The tripod is built on Leofoto's **APEX platform**, CNC-machined from aircraft-grade anodized aluminum.

It delivers excellent strength-to-weight ratio and includes a **1/4" side thread** for quick attachment of accessories such as a magic arm, smartphone holder, field monitor, mic, or LED light.

Brass bushings and **stainless steel hinge axles** in the leg joints provide long-lasting durability and smooth operation—features rarely seen in budget-class tripods.

Ready for the Elements – Hook for Extra Stability

The integrated **center column hook** allows you to hang a camera bag, sandbag, or other weight for increased stability during windy outdoor shoots or long exposures.

5-Section Carbon Legs – Ultra-Compact and Travel-Friendly

With 5-section legs and a maximum tube diameter of **22 mm**, the tripod folds down to just **325 mm**—easily fitting into nearly any camera backpack.

It's the ideal support system for handheld-and-tripod hybrid work, offering professional performance without unnecessary bulk.

XB-32Q Ball Head – Precision at Your Fingertips

The **Leofoto XB-32Q** is a premium ball head with a **32 mm ball**, smooth movement, and independent tension and lock controls.

- **Arca-Swiss screw clamp** with anti-slip padding prevents camera rotation
