

Leofoto MP carbon fiber monopod tubes

Leofoto MP Series monopods are versatile, lightweight, and extremely durable camera supports designed for fast-paced outdoor shooting and quick adaptability to changing conditions. Made from 10-layer Toray carbon fiber, they offer exceptional stiffness and stability under heavy loads, while remaining compact and easy to pack.

Perfect for:

- Sports photography
- Wildlife and birding
- Photojournalism
- Telephoto work with large lenses
- Run-and-gun video in outdoor environments

Key Features of the MP Series

- **Carbon fiber construction** – 10-layer tubes with excellent torsional rigidity and vibration resistance
- **Durable rubber grip** – ensures comfort and secure handling, even with gloves
- **Wrist strap included** – improves safety and stability when using heavy gear
- **Removable rubber foot** – provides traction on smooth surfaces and can be swapped for a stainless steel claw or terrain spikes (sold separately)
- **Ergonomic twist locks** – fast and reliable setup and breakdown
- **Reversible mounting stud** – 1/4"-20 and 3/8"-16 thread for full compatibility with cameras, ball heads, smartphone clamps, and video accessories
- **Included carrying bag** – for easy storage and transportation

Model: Leofoto MP-284C

A robust 4-section monopod with tube diameters up to 28 mm – lightweight yet capable of handling up to **18 kg**.

Technical Specifications:

- **Tube diameters:** 28 / 25 / 22 / 19 mm
- **Leg sections:** 4
- **Maximum height:** 1650 mm
- **Folded length:** 523 mm
- **Max load capacity:** 18 kg

Leofoto MP-284C carbon fiber monopod tubes 28/25/22/19MM

EAN: 6940828310087

Leofoto MP-326C carbon fiber monopod tubes 32/28/25/22/19/16MM

EAN: 6940828343474

- **Weight:** 410 g

Model: Leofoto MP-326C

An ultra-compact 6-section carbon fiber monopod – ideal for travel and fast-paced fieldwork.

Technical Specifications:

- **Tube diameters:** 32 / 28 / 25 / 22 / 19 / 16 mm
- **Leg sections:** 6
- **Maximum height:** 1555 mm
- **Folded length:** 415 mm
- **Max load capacity:** 15 kg
- **Weight:** 480 g
