

Leofoto SC-80 80mm suction cup for tripod foot

Leofoto SC-80 is a professional set of three 80mm suction cups, designed to deliver maximum tripod stability on smooth and slippery surfaces—such as glass, metal, ceramic tiles, or polished floors.

The cups are compatible with rubber tripod and monopod feet that feature a 3/8" mounting thread, making them an ideal accessory for product photography, studio work, macro shooting, and any scenario where rock-solid positioning is essential without the risk of slipping.

Leofoto SC-80 80mm suction cup for tripod foot

EAN: 6940828340268
