

L-2800G - Foldable Background Crossbar

The Quadralite L-2800G is a simple and effective portable backdrop mounting system. It allows for convenient use of backdrops up to 280 cm in width outside the studio, wherever they may be needed. When folded, the holder measures only 87 cm in length, making it easy to transport. It can be mounted, for example, on two stands (not included) or suspended from the ceiling.

Product features:

- allows for convenient use of backdrops up to 280 cm
- can be mounted, for example, on two stands

Warranty:

- 2 years
