

Product Sheet

Quadralite OA-01 Iris for SN-200LED

SRP 75€

Product description

Quadralite OA-01 is a **16 leaf** iris iris diaphragm dedicated to the SN-200 lightshower with an **adjustment range of 5-42 mm**. Adjusting the size of the Iris Aperture provides different diameters of projected light. The iris has a built-in holder for 58mm diameter **GOBO filters** (sold separately), allowing you to mount filters of your choice to create lighting effects that work well in photography and video.

EAN:5901698725419
