

Quadralite Reporter 200 TTL A-type Head Barndoor Kit

Barndoors with honeycomb grid and color filters designed specifically for the A-type head of the Quadralite Reporter 200 TTL flash unit. By adjusting the wing positions, the barndoors control light dispersion, while the honeycomb grid directs the light beam. The kit also includes 4 color filters allowing for light color variation: red, blue, green, and yellow. The barndoors are compatible with Quadralite Reporter 200 TTL flash units.

Product features:

- Barndoors designed for use with the A-type head of the Reporter 200 TTL flash unit.
- Supplied with a set of color filters (blue, green, red, yellow) and a honeycomb grid.
- Convenient and quick attachment to the head via a snap fastener.

Warranty:

- 2 years
