

Quadralite Reporter 200 TTL C-type LED Head

A special head dedicated to the Quadralite Reporter 200 TTL flash unit. With it, the flash unit can be used as a continuous light source, which is useful when shooting video, often accompanying photo sessions. The head is equipped with 60 LED diodes with a total maximum power of 3.6W providing high-quality light (CRI >96.)

Product features:

- compact continuous light head for the Reporter 200 TTL flash unit,
- equipped with 60 LED diodes with a high color rendering index (CRI>96)),
- suitable for both photography and filming,
- possibility of mounting an optional set of barn doors (A-type Head Barn door Kit),
- modular design and easy assembly to the flash unit body.

Warranty:

- 2 years
