

Quadralite Reporter 200 TTL Round Head Accessory Kit

This outstanding kit will not only boost your creativity but also improve your workflow. Thanks to magnetic attachment this set is extremely fast and easy to use. You can not only attach or remove one of the light diffusers but also replace it with another when needed. Multiple light modifiers can be stacked together and used at the same time. You can adjust your light setup in the blink of an eye and keep your workspace neat.

Kit includes a set of comprehensive and extremely versatile light modifiers such as:

- Barn Doors – for better control over light
- Dome Diffuser – for soft and diffused light
- 30° Honeycomb Grid – for even better control and avoiding unwanted light spill
- Wide Angle Diffuser – for wider light coverage
- Filters – for easy matching with any ambient light (Full CTO, Half CTO, Quarter CTO and Half Plus Green included together with two additional transparent filters)
- Snoot – for extreme precision in lighting
- Bounce Card – for greater bounce effect and pleasing catchlights in the subject eyes

Product features:

- modular design – perfectly fits Reporter 200 TTL Round Flash Head
- magnetic attachment – easy to stack, replace or detach
- wide variety of modifiers – barn doors, snoot, bounce card, dome diffuser, grid and a set of color correction filters
- delivers multiple light shaping options and boosts creativity
- easy to carry around and store thanks to included pouch
