

Quadralite Softbox Speedring for Broncolor

This adapter allows you to mount Quadralite softboxes onto your Broncolor flash. It easily replaces the original Bowens mount used in our softboxes and expands it's compatibility with all Broncolor lights and heads.

Features:

- pairs Quadralite Hexadecagon softbox with Broncolor monolights and flash heads,
- made of aluminum for durability and low weight,
- can be easily attached and replaced when necessary.
