Product Description

Quadralite Air 260 is a professional studio light stand made of aluminium, featuring an air cushion shock absorption system. Three sections with flip lock mechanism provide fast height adjustment from 103 to 260 cm. The air shock absorber allows smooth, controlled lowering of the lamp head with modifier.

Compact dimensions when folded (94 cm) make this stand easy to transport. Suitable for use with lamps fitted with small and medium-sized modifiers. The included adapter with 1/4" and 3/8" threads ensures compatibility with standard studio equipment.
